1. Summary

FarmTech is an Irish natural-capital management software business, trading under the FarmTech SOIL, FarmTech TERRAIN and FarmTech ERA product lines, that is seeking admission of its ordinary shares to trading on Euronext Access+ Dublin.

The Company was reorganised from Ashgrove Farm Solutions Limited and re-registered as a public limited company effective 17 December 2025.

1. Summary (continued)

For the year ended 30 June 2025 the Company recorded revenue of €1,121,568 (FY24: €922,345) and a gross margin of 77.5% (FY24: 62.8%).

The Company has published a target of at least 50% revenue CAGR from FY26 to FY30 and EBITDA-positive trading during FY2028 ("FarmTech 2030").

2. Risk Factors

Going concern and further funding. The Company is loss-making and may require further equity or debt funding to execute its growth plan.

Customer concentration. A significant proportion of revenue is derived from a relatively small number of Enterprise customers.

2. Risk Factors (continued)

Integration risk. The Terravue acquisition completed shortly before this document was issued and integration risk remains.

Liquidity of the shares. Euronext Access+ is a low-liquidity venue and there is no guarantee of an active market in the Company's shares.

3. Information on the Company

Ashgrove Farm Solutions Limited was incorporated in Ireland and traded as a supplier of natural-capital management software to the agricultural sector.

In the period leading up to Admission the group was reorganised: Ashgrove Farm Solutions Limited became a subsidiary of FarmTech Limited, which was in turn re-registered as a public limited company ("FarmTech") on 17 December 2025.

3. Information on the Company (continued)

The reorganisation is described further in note 1 to the Company balance sheet as at 8 December 2025. HY26's restated equity reflects the reorganisation.

4. Business Overview

The Company sells three software products - FarmTech SOIL (soil health analytics), FarmTech TERRAIN (land-use planning) and FarmTech ERA (emissions reporting and assurance) - through Enterprise, Independent and R&D channels.

4. Business Overview (continued)

Customer accounts by channel, FY25

Channel	Customers (FY25)
Enterprise	41
Independent	88
R&D	7
Total	136
